Green Circle Growers is an Equal Opportunity Employer. This commitment begins with our recruiting and hiring practices and is embedded in all parts of the business.

All employees are verified by I-9 as required by federal law. In addition, we use a voluntary E-Verify program to go above and beyond federal mandates to ensure all employees are eligible to work in the United States. All employees must pass a background check.

ABOUT US

One of the largest greenhouse operations in the United States, Green Circle Growers is a family-owned company located in Oberlin, OH. Established in 1968, the company is continuously developing and currently occupies over 100 acres of indoor growing space and 35 acres of outdoor growing space.

WORKING AT GREEN CIRCLE GROWERS

Green Circle Growers takes pride in providing an energetic work environment for all employees to succeed and grow in their career aspirations. We offer great career opportunities in a wide range of sectors from business to horticulture. With a variety of growth opportunities available, we encourage our employees to express their individual personalities, talents, and positive attitudes.

We are proud to work with people from all backgrounds. We have the utmost respect and care for our employees and work to provide a safe and fulfilling work environment. Just as our plants need the right combination of soil, water and sunlight, our company needs good people who will do what it takes to do the job well. We truly believe it is our employees that make the difference in moving our company forward.

We are excited about where we're headed as a company and we want you to join us.

OUR VALUES

Green Circle Growers has five core values, reflected in the way we do business and in the people we hire.

Diligence: Committed to doing every job well, even when it's not easy
Respect: Treating others with dignity and caring for individuals, families, and communities
Integrity: Doing the right thing, no matter what
Customer Focus: Relentlessly pursuing customer loyalty
Innovation: Continually improving what we do and how we do it
Sustainability & Innovation at Green Circle Growers

Sustainable practices are a top priority at Green Circle Growers, so we utilize efficient and environmentally conscious practices for our greenhouses. We invest in automation to make work more efficient, not to replace hands. Our goal is to make sure that our operation is safer not only for the environment but for each of our team members too.

Some of our sustainability and efficiency procedures include:

• Automated computerized system in the growing facility
• Self-contained water supply with rainwater retention ponds
• High-efficiency energy curtains to reduce energy costs
• Recycled wood boilers to eliminate dependence on natural gas
• Recycled plastic and cardboard throughout the facility
• Integrated Pest Management (IPM) to reduce the use of liquid pesticides
